COURSE DESCRIPTION:

This course will explore ethical issues arising in the wellbeing and care of aging adults. Aspects of three streams of ethics will be addressed: professional ethics, organizational ethics, and biomedical ethics, as these streams relate to wellbeing and aging. Issues that will be addressed include: the organizational importance placed on aging adults, moral distress, advance directives, consent, values, and the ethics of wellbeing.

Note: This is an on-line course, therefore work will be done virtually.

DUTIES:

1) Familiarizing oneself with course related materials.
2) Assisting the instructor to monitor online discussion forum posts as needed.
3) Grading and providing feedback on online discussion presentations and other assignments.

QUALIFICATIONS:

1) Strong competence in research essay writing.
2) Existing skills or willingness to develop skills to facilitate on-line learning at the graduate level
