

OT 827 TA Requirements (Total of 65 hours)

September 11 – Oct 27, 2017

Non-OT – 65 hours

Course Description

OT-827 Enabling Occupation in Older Adults

This course provides students with the foundational knowledge necessary to identify factors influencing performance and participation of older adults. Evaluation and intervention approaches at the level of impairment, activity limitation, and participation will be explored by considering the diverse roles of occupational therapy practitioners in collaboration with families and inter-professional service providers across a range of service provision contexts. (3 credit units)

TA Duties and Qualifications

Duties: Assist with grading of assignments and management of experiential sessions in consultation with course coordinator. Doctoral students may have the option to prepare and deliver a class session.

Competencies: Knowledge of issues in aging and health an asset. Ability to provide clear formative feedback to student learners on assignments.
