

REGISTERED PHYSIOTHERAPIST AT BLOOM OTTAWA & STITTSVILLE

ACUTE ORTHO/ SPORTS MED + PELVIC HEALTH

WOMEN'S, MEN'S OR PEDIATRIC

A collaborative + supportive space where practitioners can create the [work] life of their dreams – without burning out.

We are looking for a Registered Physiotherapist who connects with our company's philosophy and core values and thrives in a dynamic, medium-sized team environment – and who will also complement our existing offerings and patients with a strong focus on women's and pelvic health. Our providers offer both in person and virtual care, for a maximum of 1-2 patients per hour (no WSIB/ rare MVA). Opportunities to be involved in our Pay It Forward Fund for local women are also available.

We believe that you don't have to burn out in order to expand your reach! Learn how to work with a dedicated highly-trained physio assistant, teach a group rehab class, or create passive online content.

Whether you're interested in growing clinically, want to take on a business role, or are interested in a combination of both, we believe in mentoring you and giving opportunities for growth within the business to create the work life of your dreams.

What we offer you:

- Build your caseload quickly! 5 assessments per week guaranteed (for full time)
- Clinical and professional mentorship program
- Varied business relationship models: Independent Contractor or Commission-based Employee. Compensation ranges from \$52-\$84/hr* (let us show you how). Possible Perks.
- Full administrative support. We manage all reception, appointments, invoicing, and billing for you.
- No more folding between patients! We have laundry service.
- Career advancement opportunities in leadership positions
- Interdisciplinary alliance with naturopathic medicine, chiropractic, osteopathy, massage, yoga therapy, midwifery groups, and more.

- Access to in-clinic gym space and equipment for personal use

We believe in collaborative growth!

Seasoned clinician or new grad, we provide many opportunities for you to join in with our team networking, learning and growth – all in an effort to support you both clinically and professionally.

It starts with a **structured onboarding** where you'll engage with the full admin and practice leadership team who are here to help you transition, build, grow, and maintain your clinical practice just the way you want... with a few streamlining tips that we've learned along the way.

Join in with our **clinical mentorship, collaborative marketing, and mastermind sessions** – plus any other dreams you've had for your practice. We love hearing new ideas and seeing if we can make them a reality!

Contact us if you believe in:

- Empowering & Impactful care: Get creative, specific, and make it meaningful & achievable to the person in front of you!
- Changing for the Better: a drive for clinical excellence & innovative care to enhance patient engagement and outcomes in a more equitable and accessible way.
- Curiosity & Self-Awareness: Being open-minded and knowing when to ask for guidance or to speak up are serious strengths!
- Balance: Find that work-life harmony that's just right for you.

Required Competencies:

- Registered member (in good standing) with the College of Physiotherapists of Ontario
- Bilingualism (French/ English or other) is an asset.

So, you've kept reading. That's great! If this sounds like something that you're interested in, forward your resume to Andrea Plitz (andrea@bloomhealthottawa.com). Only serious candidates with at least 1 evening availability please.

Job posting: Firm commitment of 12-20 hrs minimum weekly (3 shifts, one of which will need to be evening), with opportunity to grow to full time with demand and flexibility in schedule.
