

# SIGNING BONUS & GREAT COMPENSATION FOR AN ENERGETIC PHYSIOTHERAPIST!

## KEY POINTS

Full time  
Part time  
IMS huge asset

## CENTRAL LOCATION

We are less than 15 minutes from  
Willoughby Town Centre, Langley,  
Surrey, Coquitlam, Port Coquitlam  
and Maple Ridge.

We are a large modern multidisciplinary clinic (26 practitioners) in the growing, attractive community of Pitt Meadows. With a 27 year history, we have built a huge referral base of internal cross-referrals, and have a close working relationship with the neighbouring medical office. We have 100-150 patients per day going through our office - and a LONG waiting list for physiotherapy. One of our full time physiotherapists is moving away and you will be able to step into a full client base and busy full-time schedule.

We are in search of an enthusiastic physiotherapist to join our 2 experienced physios (one who is leaving) - someone who is hands on, patient-oriented, energetic and believes in addressing the underlying issues to an injury for further injury prevention. If you have long-term plans to build a practice and stay in the community, you will fit in well with our team of dedicated practitioners!

Please view our website at [www.PittMeadowsWellness.com](http://www.PittMeadowsWellness.com) to get a feel for our office! You can also directly contact Dr. Jason Casey at [drcasey@shaw.ca](mailto:drcasey@shaw.ca) or 604-313-5114 for more information.

## OUR OFFICE:

Our office boasts ample parking and easy accessibility, full time reception, electronic health records, online booking, direct billing, and a relaxed and supportive atmosphere. Our current physiotherapy area includes private treatment rooms, all standard physiotherapy equipment including laser, IMS, a gym/workout area, Physiotec home exercise software/app, and kinesiologists working 6 days per week. We are willing to purchase additional equipment to meet the needs of the incoming physiotherapist.

## OTHER ASSETS:

In addition to being an energetic, professional, honest, and caring physiotherapist, you love teaching people about their health! Your skills may also include functional dry needling, IMS, concussion management, vestibular rehabilitation, and/or women's/men's health issues.

## COMPENSATION:

We are offering GREAT financial terms with everything included - in fact, you won't find many offices with the total compensation better than our office! Your schedule can be extremely flexible, with a huge in-house support system. Our office has extended health benefits, and a \$10,000 (full time)\$5000+ (part time) signing bonus (please ask for more details)!
