

Be your own boss, set your own hours!

Coronation Chiropractic, Massage and Physiotherapy is an independently owned clinic in the city of Cambridge, that has been operating since 1995.

Currently, we are looking for a part-time Physiotherapist (currently registered with the College of Physiotherapists of Ontario) to add to our patient-focused multidisciplinary team! An individual with an evidence-based approach, emphasizing exercise and manual therapy, specific to patient goals would be a fabulous fit for our clinic.

We have a wonderful client base and offer a bright, modern environment with Jane patient management software that allows online booking and paperless charting. Our office administrators take care of all of the scheduling, billing (including direct insurance billing), and collections. The recently renovated treatment room is 260 Sq. ft. with a new Montane Atlas 3-section table and matted personal gym area.

If you want to be a part of an awesome team that is focused on providing outstanding patient care, then this opportunity is for you.

If you are interested please send any questions, inquiries or CV with cover letter to health@bacdox.com.
