We have gone above and beyond to ensure the safety of our patients and employees with PPE provided, the spacing of patients, screening, and more. Extensive safety protocols and procedures have been put into place and are mandatory.

In this role you will:

- Perform clinical assessments and implement treatment plans for clients
- Provide ongoing evaluation of client progress
- Administer and collect outcome measurement information
- Participate in quality improvement initiatives
- Communicate to appropriate referral sources and stakeholders
- Engage in continuous learning and skills development
- Have fun, and contribute to a positive patient experience

Qualifications:

- Registered with the Provincial College of Physiotherapists
- A graduate of a recognized university Physiotherapy degree program
- Experience in LTC/Geriatrics is an asset
- A valid Vulnerable Sector screening check (within 6 months)
- Proof of Tuberculin (2-Step Mantoux Test) clearance

Apply today! Interested applicants can send their resume directly to kulmie.mohammed@lifemark.ca or apply through www.lifemark.ca/careers

Lifemark welcomes and encourages applications from people with disabilities.

Accommodations are available on request for candidates taking part in all aspects of the selection process.
