

Full-time Registered Physiotherapist

Perth Physiotherapy is a well-established, busy, co-owner-run private clinic and Fitness Studio in Perth, Ontario. Perth is a beautiful heritage town that is home to a vibrant and growing community, surrounded by lakes, and situated one hour from both Kingston and Ottawa. Enjoy small-town living with easy access to city amenities.

Working from a bright, modern, and accessible clinic, we serve clients from Lanark County and the surrounding municipalities with an interdisciplinary in-house team of PTs, RMTs and a Podiatrist. An adjacent, fully equipped Fitness Studio completes our circle of care, as clients can take unique, PT developed classes or work with a personal trainer to further improve their physical function and wellbeing.

Our clinic welcomes both senior physiotherapists and new graduates (i.e., PT Residents).

What makes working here different?

With the co-owners onsite, there's no big corporate structure or chain of command. Enjoy working with a team that is truly connected and has fun together both inside and outside of the clinic.

We assess and treat a wide variety of MSK and neurological conditions, with specialty programs in vestibular, concussion, injuries, and post-surgical rehabilitation. We have invested in shockwave and laser (class III and IV) modalities. Physiotherapists meet monthly to discuss complex and unique cases and share knowledge. New graduates benefit from a mentorship program, including a weekly meeting with a Senior PT who's paid to coach you. We also provide a signing bonus and \$1,000 annual education allowance.

Perth Physiotherapy has a strong and supportive administration team, and experienced PTAs to help you maximize your time and workflow. We always allow 45 minutes for initial assessments and 30 minutes for follow-up appointments.

See clients in your own naturally-lit private treatment room, with easy access to overflow beds in the physiotherapy gym area. Enjoy the flexibility to plan your schedule to blend your career goals with a balanced personal life and family time.

Work as a valued employee and you'll receive vacation pay, EI, CPP, statutory holidays and sick pay.

Qualifications:

- M.Sc. or B.Sc. Physiotherapy from an accredited university.
- Licensed and insured member of the College of Physiotherapists of Ontario.
- New Grads welcome to apply: we can support you through the PCE and PT residency process.
