ABOUT US

Our goal is to provide comprehensive, patient-focused rehabilitation which adheres to the highest professional standards in a safe and caring team based collaborative environment.

Everyone is treated with the same amount of respect, integrity, and enthusiasm with realistic treatment plans based on the most recent available evidence-based treatment options that will get them back to living their best life.

MOVEMENT

We focus on movement based rehab techniques, and have a large 2100sqft open gym with full strength and conditioning equipment.

TEAM

Our comprehensive rehab team brings together PTs, ATs, KINs, chiropractors, RMTs, and sports medicine physicians.

FLEXIBILITY

Using a subcontractor model, you set your hours, and we work with you to build your practice and retain existing clients.

ADMINISTRATION

Our administrative staff work to fill out schedules, follow up on billing, and provide first rate customer service to our clients

MOVING

We are integrated with our community, so we help find accommodations, meet new people, explore the area, and get involved in our vibrant and active community.

INCOME

Competitive income splits and significant patient demand, build a rapid caseload with rapid income generation. Advancements over time as your career progresses with us.
