CBI has an exciting opportunity in Sarnia, ON for a Physiotherapist, including new grads, who are ready to make a big move in their career. This opportunity not only offers great mentorship, training, and development, but also offers someone with the exclusive ability to fast-track their career with access to both courses and certifications that will enhance any clinician’s skills and knowledge.

Situated on the shores of Lake Huron where it meets the St. Clair River, Sarnia is Ontario’s hub for the traditional petro-chemical industry and the emerging bio-chemical /clean energy economy. Sarnia is a community propelled by leading science and innovative collaboration. Noted for its breathtaking sky-blue water and beautiful waterfront, Sarnia is a border community with easy access to the United States.

Home to a population of 72,000 residents, the City of Sarnia offers a great quality of life with affordable living, excellent schools and healthcare facilities, a thriving arts and culture scene, and exceptional recreation and leisure services. Sarnia strikes the perfect balance between the feel of a close-knit community and a community on the move.

Sarnia residents also happen to live in one of the warmest climates in Canada. The great outdoors awaits in this 4-season City where residents enjoy swimming at public beaches in the summer, strolling through woodland trails in the fall, snowshoeing in winter, and visiting the gardens and parks in the spring.

A bit about us...

CBI Health Group is Canada’s largest community healthcare provider. From the outset, CBI Health Group has challenged the status quo and believed that there was a more effective way of solving and managing the complex problems we face in patient health. From its beginnings as patient education seminars - to what it is today - a national interdisciplinary network of health care and support professionals over
12,000 strong - CBI Health Group has innovated for impact: improved patient access and empowerment, better health care outcomes, integrated best practices-driven models of care and community relevance. We are focused on a united purpose: to improve the health and enrich the lives of Canadians.
