Applications are invited for a Term Adjunct position in the Occupational Therapy Program, with responsibilities in OT885, Physical Dimensions of Occupation II. OT885 is a second-year graduate course with an expected enrolment of 70 students. The percentage responsibility for the course is 33%. This position is available from August 1 to November 30, 2023.

The successful candidate will have a degree in occupational therapy and be eligible for registration in the College of Occupational Therapists of Ontario and at least three years of clinical or administrative experience in occupational therapy practice, with experience in the area of physical/musculoskeletal health and rehabilitation, as well as teaching experience. A Master’s degree is required. The incumbent will be responsible for course coordination, instruction, and student evaluation. For more information about the responsibilities of this position please contact Dr. Setareh Ghahari, Occupational Therapy Program at otchair@queensu.ca or (613) 533-6789.

The course description follows:

**OT 885* - PHYSICAL DIMENSIONS OF OCCUPATION II (CR 3)**

This course analyzes human occupation from the perspective of its anatomical, physiological and biomechanical dimensions. The course will focus on intervention methods used in physical rehabilitation to enable occupation in Musculoskeletal conditions. This course is designed to build on concepts introduced in OT881 and will use an integrated case study format to further develop an understanding of movement of the human body as it relates to occupation. Theoretical frameworks and evidence-informed practice approaches and interventions will be addressed in class and weekly lab sessions. (3 credit units)
